INSTRUCTIONS TO STATE COMMITTEES FOR LISTING STATISTICAL DATA FROM SUMMARIES OF PERFORMANCE AND APPLICATIONS FOR PAYMENT.

Part 1. Listing Data from Summaries of Performance, Forms NCR-114.

Immediately after Summaries of Performance, Forms NCR-114, for a county are received from the Entry Unit of the Application for Payment Section, the person in the Statistics Section designated as the files clerk will prepare such forms for listing by assorting them into minor civil divisions. The column totals will be entered on the first total line. The remaining total lines are provided for subsequent totals resulting from corrections. When corrected totals are entered, previous totals should be deleted. Obtain minor civil division totals by adding the column totals of each sheet in the minor civil division.

Prepare a county summary sheet on Form NCR-125 by writing across the top of the sheet "County Summary" and enter the name of the county in the space provided therefor in the upper right-hand corner. Enter in column 1 the name of each minor civil division within the county, leaving at least five or six lines for each minor civil division. The minor civil division column totals of data listed on Form NCR-125 will be entered on the first line for the minor civil division on the county summary sheet. The remaining total lines are provided for subsequent totals resulting from corrections. When corrected totals are entered, previous totals should be deleted. County totals for the appropriate columns will then be obtained.

When subsequent transmittals of Summaries of Performance, Forms NCR-114, for a county are received from the Application for Payment Section, they will be prepared for listing and listed in accordance with the procedure as outlined above. Totals corrected for subsequent transmittals for minor civil divisions and for the county will then be obtained.

When the Summaries of Performance have been stamped "Data Recorded" they will be referred to the file clerk in the Statistics Section.
